

THE SALEM NEWS

BARE PLOT TO MURDER THOMPSON AND HECKERT

POISON KILLS FIVE IN FAMILY; MURDER THEORY IS PROBED

Father and Four Children
Found Dead in Their
Cleveland Home.

MOTHER AND GIRL BURNED BY ACID

Murder Theory Reinforced
By Medical Report
Showing Poison.

Cleveland, Jan. 30.—A poisonous acid, administered by some person with murderous intent, severely burned the mouth and throat of Jeanne Fulvi, two baby daughter of Arthur Fulvi, who with her mother, Mrs. Vera Fulvi, and a son who was away from home visiting his grandparents, are the only survivors of a family of eight, the father and four children dying from a mysterious cause, according to a statement by Dr. A. Bolton of the Euclid hospital staff.

Meanwhile Mrs. Fulvi, apparently suffering from poison herself, is in another hospital and orders have been issued by Inspector Cornelius in charge of the investigation that she be held incommunicado until detectives have had a chance to question her and learn the details of a family party Thursday evening, following which her husband and four children were found dead in their home late yesterday.

With this report, authorities were hastening the chemical examination of the vital organs of the dead, their first view that it was murder soon is reinforced by the medical report.

Cleveland, Jan. 30.—Police today were awaiting reports from city chemists, engaged in an analysis of the vital organs of members of the family of Arthur Fulvi, to determine whether or not they had been victims of one of the most brutal murder plots in history or were accidentally poisoned.

Pending an official report the police pressed strongly to the murder theory. The lifeless bodies of Arthur Fulvi and four children were found late yesterday in their home, when a neighbor was attracted to the house by the weak tapping on a window.

Answering the summons he found Mrs. Vera Fulvi, 33, apparently too weak to open the locked door. When the home was entered, it was found that Mrs. Fulvi and a baby daughter Jeanne, 2, were the sole survivors of those in the house.

The bodies of the husband and others were found in various rooms. While the theory of murder is strongly held, other theories were death by ptomaine, carbon monoxide gas, and asphyxiation.

One theory was that food or wine served at a banquet given by Fulvi Thursday night might have contained ptomaines or other deadly poisons or that he homemade wine served might have been reinforced with wood alcohol.

However, it was pointed out that the deaths might have resulted from carbon monoxide fumes, as the building was closely shut when the tragedy was discovered. Medical authorities, however, declared that many of the symptoms of carbon monoxide poisoning were absent.

Pending official reports from the chemists and coroner, orders had been issued by Inspector Cornelius to search the records of all Cleveland druggists to learn who had purchased poisons recently.

BLOCK OF HOUSES BURNS TO GROUND

Two Business Buildings In
Paterson, New Jersey,
Also Destroyed.

Paterson, N. J., Jan. 30.—Two large business buildings and an entire block of two and three family frame houses were burned to the ground here early today.

The fire, believed to have been of incendiary origin, occurred in the Riverside section of the city. Approximately 400 persons, many of whom narrowly escaped death, are homeless today.

Sixteen persons trapped on the top floor of a blazing house were saved by firemen who scaled the walls with ladders and dropped the terror-stricken men, women and children into the nets held by firemen two stories below.

Three fires, any one of which was enough to overtax the city fire department, broke out in different parts of the city, one after another. Fire Chief Thomas Coyle was obliged to telephone six neighboring towns for aid.

GINNING FEB. 1, FROM 12 TO 1
O'CLOCK. REGULAR DINNER
EVERY EVENING. 24c

COOLIDGE GETS REPORT ON ARMS MEETING PLANS

Washington, Jan. 30.—Plans for American participation in the forthcoming league of nations disarmament conference were taken up this morning across the White House breakfast table between President Coolidge and senate leaders.

Mr. Coolidge invited the principal senate spokesmen to the mansion. It is understood, to obtain a first hand report on whether the administration may expect wholehearted senate support to the undertaking.

Other matters of major importance confronting the administration include the railway labor bill, drafted jointly by managers and employees; disposition of Muscle Shoals; the naval and aviation construction programs, and the merchant marine question.

APPOINTING POWER FOR NEW TRUSTEE IS MOOT QUESTION

Delay Naming of Ramsey's
Successor Until Prob-
lem Is Solved.

The appointment of a township trustee to succeed James R. Ramsey, who died recently, may be held up indefinitely, due to a controversy over the appointing power of justices of the peace.

It is said the law covering the appointment of township trustees to fill out unexpired terms is vested in the justice in the township who holds the oldest commission and in case of a tie, the older of the two in age shall name the new trustee.

A justice has to be registered with the state and certificate is filed under date, though the actual term of a justice does not begin until the Jan. 1 following election, unless the justice has been appointed to fill an unexpired term.

Date of certification of Justice Curtis Votaw's commission is one day previous to that of Justice Charles Bonsall. But both justices began their terms on the same day, Jan. 1.

If the first section of the law is interpreted to mean the date of certification, then Justice Votaw will appoint the new trustee. If the law is construed to mean the actual time of beginning a term, then it is a tie and Justice Bonsall, being the elder, would be the appointing justice.

Township officials are as yet uncertain how to construe the law and an opinion of Atty. Gen. C. C. Crabbe's department may be sought before this controversy is ended.

Few names of possible candidates for the post left vacant by Mr. Ramsey have been heard in political quarters. The names of Mrs. Ramsey and Harry Beck have been mentioned.

ALL COUNTY ROADS ARE OPENED TODAY

All roads in the county are open to traffic, according to announcement of county officials at Lisbon Saturday. One-way traffic is still maintained in three places on the Salem-Lisbon road, due to the big snow drifts. The Alliance Mine road still is closed.

Third Game Billed At High Gym Tonight

A third game has been added to the basketball card at Salem High gymnasium tonight. It was announced this afternoon. At 6:30 p. m. the Canton McKinley High Boys Seconds will play the Salem High Seconds.

Following this game Salem's Boys and Girls meet East Palestine, the Girls game starting at 7:30 p. m.

HUNT LUNATIC WHO ATTACKED 5 WOMEN

Nyack, N. Y., Jan. 30.—Posses today were searching for a young man believed to be an escaped lunatic, who has attacked five women, two of whom were clubbed into insensibility, within the past few weeks.

Two women were attacked last night; hundreds of citizens immediately joined police, entire force of which was called out, in spending the night searching for the climber. A specially detailed company of state police patrolled the roads in motor cycles to prevent the maniac from leaving the town.

Chief of Police Rupert believes the man is one John Renelick, who escaped from the Middletown state hospital after having been sent there for observation when arrested as a suspicious character. At the time of Renelick's arrest, twenty razors were found in his pockets. Upon being ordered to Middletown he swore vengeance on the town of Nyack. It was said.

Screen Beauty Injured in Crash, But "Perfect Profile" Is Saved

Central Press Photo

Severe cuts on her upper lip and forehead she received in a crash of two toboggans at Lake Arrowhead, Calif., will not permanently mar the face of Elaine Hammerstein, movie beauty, say physicians who are treating her in a Hollywood hospital. She was picked up unconscious after the accident, in which others were also injured. Artists say Miss Hammerstein has a "perfect profile." It is shown.

EXPLOSIONS KILL ONE; FIVE BURNED

Twenty-five Are Homeless
As Blasts Destroy
Two Buildings

East Pittsburgh, Pa., Jan. 30.—An unidentified man was burned to death, five other persons were burned and cut and 25 were rendered homeless today when a series of explosions destroyed two buildings on opposite sides of the street in the downtown district here. The property loss was estimated at \$150,000.

Firemen believe a leaking gas main filled the buildings with natural gas. The accumulated gas, they said, probably was ignited in the Farr restaurant, where the first explosion occurred.

Blowing out the plate glass window in the restaurant, the explosion sent tongues of flames shooting across the narrow street, where they caused a second explosion in the George Ballast building. The unidentified man's body was recovered from the ruins of the restaurant.

PERIOD OF SNOWS OR RAINS COMING. WEEK'S FORECAST

Washington, Jan. 30.—Weather outlook for the period February 1 to 6, inclusive:

Ohio Valley—A period of rains or snows toward the middle and again toward the end of the week. Near or below normal temperatures most of the week.

Region of Great Lakes—A period of snows or rains the early part, about the middle and again toward the end of the week. Temperatures near or below normal most of the week.

A week ago Miss Sadie Klein, a student at New York university, was attacked by a young man armed with a monkey wrench. She succeeded in fighting him off and fled. Thursday night a blow from behind stunned Miss Mamie Rummel, 24. She was dragged into an abandoned building where she regained consciousness and screamed until her assailant fled in fright.

Last night Mrs. Edward Towt was grabbed from behind, but she wrenched herself away, and attracting neighbors by her screams she succeeded in fending the mad man's pursuit.

BAXTER RELIEF ACT PERMITTED TO BECOME LAW

Columbus, Jan. 30.—The Baxter emergency relief act became effective as law today when the original certified copy was taken from the offices of Gov. Denney, and filed with Secretary of State Brown. It does not bear the governor's approving signature.

The Baxter act, passed at the recent one day special session of the state legislature, is designed to afford immediate relief for financially distressed municipalities, counties, school districts and other taxing units throughout Ohio.

SPECIAL FEBRUARY SALE OF
ART GOODS AT THE QUAKER TEA
HOUSE BEGINNING FEB. 1. 237
MCKINLEY AVENUE. 24c

SNOWBALL FIGHT LEADS TO BOOZE PROBE IN SCHOOL

Cincinnati, Jan. 30.—Judge John B. Read of the Kenton county, Kentucky, juvenile court and Earl H. Goodman, principal of the first district school in Covington, are conducting an investigation of the presence of moonshine whiskey in that school during the past week.

Four boys, pupils of the school, ranging in age from 12 to 15, have been suspended from the school and will be arraigned before United States Commissioner O. H. Roetken next Monday morning.

An uproarious snowball battle, a stumble on the part of one of the boys and the fall of a partly filled whiskey bottle from his pocket led to the disclosure and consequent investigation.

SALEM DEBATERS AWARDED DECISION OVER CARROLLTON

National Defense Debated
Here; Negative Taken
By Salem Team.

Last evening, before a small audience, Salem High school's debating team defeated Carrollton's declamatory artists. The subject for debate was, "Resolved, That the army, navy and air service should be organized as one department of national defense."

In maintaining the affirmative of the argument, Carrollton presented these major points: First, the proposed plan is necessary; second, that the airplane is as important in warfare as either the army or navy; and third, that the proposed plan will cut down the cost of our national defense and thereby reduce taxes.

The first of these points was upheld by Curtis Blazer. In seeking to prove the second of their points, the second speaker maintained that the airplane was the only weapon that could successfully combat air forces. Robert Small was the second speaker for Carrollton. The last speaker Stewart Dill, presented the argument that the proposed plan would reduce the cost of maintaining an efficient air force and in so doing, reduce taxes. James George was Carrollton's alternate.

Salem's team was composed of Richard Spedel, first speaker; Carl Matthews, second speaker; Wayne Morron, third speaker; and James Patton, alternate. In upholding the negative side of the subject, Salem debaters brought forth these three major points. First, the proposed plan is unnecessary; second, it is not sound in theory; third, it cannot and will not work in practice.

The judge was Prof. Dwight Beck of Mount Union. His decision was that Salem's constructive points were better than those of Carrollton. The rebuttals were about even.

A great amount of credit is due to L. T. Drennan for this victory. He has drilled the fundamentals into his speakers and has put them the fine points of debating.

A return debate at Carrollton has been arranged for the near future.

BYRD PLANS NORTH POLE TRIP BY AIR

Washington, Jan. 30.—Another air flight to the Polar regions is being planned for this spring of summer by Lieut. Comdr. Richard E. Byrd, retired, of the navy.

Byrd had charge of the naval detachment with the MacMillan Arctic expedition last year.

The proposed flight is being privately organized and financed. It will be piloted by Byrd, and Edsel Ford has pledged Byrd \$20,000 each to assist in financing the trip. Byrd also has been promised financial support from other leading business men of the country.

Accused of Giving Liquor To a Minor

Patrolman Paul Heckert arrested Charles Floyd Friday afternoon on a warrant, signed by Chief of Police T. W. Thompson, charging Floyd furnished a quantity of liquor to Louis Anglemeyer, a minor, of Leontia, on Jan. 18.

Floyd pleaded not guilty to the charge, and was released under \$500 bond for appearance before Mayor George E. Russell at 2 p. m. today.

The Salem youth denies the charge, and after several hours grilling Friday afternoon, maintained he did not give the booze to the Leontia boy. Anglemeyer will probably be brought to Salem to testify against Floyd.

Day For Governor

Columbus, Jan. 30.—State Treasurer Harry S. Day, Fremont, is expected to issue a formal announcement within a month of his candidacy for the Republican nomination for governor. He is serving his second term as state treasurer.

Slaying Of Officers Plotted Here, Says Alleged Confession

Salem Bootlegging Ring Conceived Murder
Conspiracy, Police Say; Bandit Says
His Pals Got "Cold Feet."

An alleged plot, conceived, it is said, by a Salem bootlegging ring, to hire three bandits, now under arrest in Youngstown and Pittsburgh, to murder Chief of Police T. W. Thompson and Patrolman Paul Heckert, has been uncovered, it was revealed Saturday.

Chief Thompson and Youngstown police are investigating the alleged plot, and they have in their possession, it is reported, a confession by Ed La Tonneaux, alias El Mathieson, Ed Miller, "Frenchy" and Automobile Ed, who is alleged to have made plans to rob the Citizens Savings bank here, and who has confessed to leading in the holdup of the Paxson grocery, East High st. and Garfield ave. Jan. 9.

Tonneaux, in jail in Youngstown on pending charges there, is said to have confessed he and two confederates, John Russell and Pete Spatafore, who are in jail in Pittsburgh, were hired by a liquor ring here for \$1,000 to "bump" Thompson and Heckert off.

Conspiracy Hatched Here
The conspiracy was hatched in the home of a Salem man sometime during the week of Jan. 17 when Tonneaux lived in Salem at a boarding house, and there he was robbed and deserted by his pals.

At the time the murders were planned the police here did not know the bandits were in the city. They had kept under cover, and may even have been brought into Salem for the express purpose of committing the murder, it is believed.

Tonneaux is said to have talked freely of the conspiracy, due, chiefly, to the fact he was deserted by his pals, and embittered, he claims he "doesn't give a damn what happens now." He has admitted many robberies in other cities also.

Tonneaux is said to have told the following story to the officers:

Prisoner's Story
"We three were offered \$1,000 by (blank) of Salem to bump Thompson and Heckert off. Knowing Heckert to be a former marine we didn't want to take any chances with him, as he can shoot fast, straight and sure. He can shoot fast, straight and sure. He can be called to a street address in Salem on a phony call. When he answered this fake call, all three of us were to shoot before he could draw. This was to be at night so he wouldn't see us and so we could escape."

This alleged confession by Tonneaux recalls the bombings of homes of jury leaders and raiders here over a year ago. At that time it was rumored the bombers were after Thompson and other members of the police department.

Later when federal and state agents made wholesale raids here the same sort of reports were received.

This last alleged conspiracy is the nearest to concrete facts that the police have ever been able to learn.

RADICALS DEMAND INCOME PUBLICITY

Full Publicity Is Sought
In Proposal Offered
By Sen. Norris

Washington, Jan. 30.—The bright spotlight of national publicity will be turned upon every income tax return if the progressive bloc of the senate can command enough votes to amend the new \$362,000,000 tax reduction bill.

Although the senate finance committee and the house have repealed even the existing publicity clause, the progressives propose to throw open all tax records to the public. Senator Norris, R. of Nebraska, today sponsored an amendment to carry the full publicity into effect and his proposal met with considerable support among Democrats on the ground it would prevent fraud in the administration of taxes.

If defeated, the progressives will insist upon retention of the present publicity feature and there were indications that the final vote would be close.

The controversy over publicity was given a wider field of operation when a general Democratic move was started to compel complete publicity of all internal revenue bureau tax rulings. Charges were aired by the Democrats that the government has been thousands of dollars through "secret rulings" when employees quit the bureau to convey information to taxpayers.

It was also contended that thousands of citizens have paid unnecessary taxes because they did not know of the secret rulings.

Will Use Artist's Painting For Sermon

Use of the works of great artists has proved most helpful in preaching sermons, according to Dr. E. S. Collier, pastor of the Methodist church, in Hoffmans "Christ and the Rich Young Ruler" the contrasts are very vivid and the appeal is telling.

A copy of this picture will be the only thing to be seen during the sermon Sunday night at the Methodist church. The only light in the church will be on this picture. The music will be adapted to this special service.

DANIEL BOONE'S CABIN IN RUINS FOLLOWING FIRE

Kanawha Falls, W. Va., Jan. 30.—The Huddleston cabin, near here, where Daniel Boone lived for several years, was in ruins today, having been destroyed by fire.

Steps had been taken by the West Virginia Historical society to preserve the cabin, which was erected by Paddy Huddleston, a companion of Boone. Boone was living in the cabin when he went to the Virginia legislature in 1791, representing this territory.

KIRBY JURY STILL BALLOTING TODAY

Judge Killitts Hints That
Jurors May Be Held
Over Sunday.

Cleveland, Jan. 30.—Facing the prospect of being here Sunday after having deliberated more than a day, the jurors determining the fate of Josiah Kirby, tanner and former head of the Cleveland Discount company, resumed their balloting today.

While no authoritative announcement was forthcoming, reports were in circulation that the jury stood about evenly divided on the question of whether or not Kirby had used the mails to defraud, as charged in the indictment.

Judge John M. Killitts again warned the jury that he did not wish another disagreement, and hinted that the members might be held over Sunday if the jury fails to agree, however, he declared that he would let the case down for hearing a third time.

Meanwhile reports were in circulation that the government planned an exhaustive probe of alleged jury tampering, and it was said that others in addition to the five men taken into custody heretofore might be brought into the probe, following the conclusion of the trial.

Dog Saves Master

Barrytown, N. Y., Jan. 30.—Leon Beck, aroused from slumber in a burning barn when his dog, Diane, pulled the covers from over him, leaped from a window and escaped. The dog was burned to death.

WHY ADVERTISING PAYS

There was probably a time in the history of newspapers when advertising was little considered and even a period when the buying of space in a newspaper meant that the purchaser could say practically anything he cared to, regardless of facts, as long as no libel suit was involved. Things have very much changed since the periods referred to. Advertising is a distinct and very important feature of practically all publications. Newspapers now establish a standard of advertising and strictly adhering to the principles set forth, gain friends and importance through their advertising columns as well as in other departments.

Advertising having become a legitimate and well thought of feature of the newspaper it has also become understood by the public and intelligent reading of the advertising pages is a part of the duty of housekeeper and business man. Admitting that the news, sports, society and editorial pages are given first attention it is acknowledged without reserve that the well placed and attractively arranged advertisements put plenty of attention—more than that, in reputable publications the advertisements are taken at face value and become a paying investment for the advertiser.

When an advertisement is found in a reputable newspaper, the reader has a right to assume that it is an honest advertisement. There was a time when dishonest advertising was used—just so the advertiser paid the bill the newspaper accepted it. That day however, has fortunately passed, and now no good newspaper will print dishonest advertising if by diligent and reasonable methods it can ascertain that there is doubt as to any statement made. While lessons have been learned by the newspapers, the advertisers themselves have realized that exaggerated claims and untrue statements have proven hurtful far more to themselves than to those who have been defrauded. No merchant can advertise dishonestly and remain in business in any place for long. And so the advertisement in the papers has become real news of value to the readers, the subscribers expecting to get honest assistance and profit from them.

There is established between the readers and the newspaper an entire cordial relationship that insures the people a square deal and encourages them to rely upon statements made, in any part of the sheet. Advertising now pays well and it is because it can be depended upon as reliable.

NEW PRISON RULES

Hereafter no prisoner in the state reformatory in Kansas, whose offense was against property will be considered for parole until he has made or arranged to make restitution to repair the damage done. That rule was adopted and put in force more than a year ago. It is intended to burn into the mind of the prisoner the full responsibility that belongs to him and will serve also in helping make imprisonment, even more unpopular than it has been in the past. The reformatory is crowded, is not in the best condition, but officials have agreed prisoners will be held until the conditions of the new rule have been met.

The rule is aimed particularly at the many young men who have stolen automobiles, sold them, pocketed the money and spent it. Now if these motor thieves want to be considered for parole some business matters must be arranged. After the minimum stay has been completed the next step is restitution. The state officials believe that restitution is the first step toward reformation, the best evidence that the individual has seen the error of his way.

The rule goes further and provides the offender must make the payments in person to the individual who was harmed. In many instances res-

titution has been arranged, bond given for its completion and the individual released conditionally. Officials claim the hardest part of the penalty is for the offender to visit the injured party and make the payment due. It is an experience that leaves a lasting impression. The new rule forcing payment for property damage will be watched with interest by other states. It can hardly fail to make imprisonment more burdensome.

Editorial Quips

A prominent dealer says that the well dressed man must have at least nine pairs of shoes. Just think of the men whom you have always considered well dressed but who probably aren't!—Cleveland Plain Dealer.

Our idea of a communist is a man who wants to trade his old shoes for his neighbor's car.—Dallas News.

Anyhow, Mr. Brookhart is learning how hard an uncushioned anxious seat can become.—Detroit Free Press.

Will the advancement of science bring first the self-washing automobile or the car to which dust, mud and road oil can not stick?—Boston Herald.

The man who broke the bank at Monte Carlo three times in three days was given a public burial—at public expense.—Canton News.

It seems that Mr. Mellon is to be persecuted because he happens to be a Republican who is making the best secretary of the treasury the republic ever had.—Omaha Bee.

Mysterious "zinc mine" in Oklahoma turns out to be the hiding place of a distillery. If it hadn't been discovered, it might have become a gold mine.—Cleveland Plain Dealer.

They are still trying to make human nature all over in Russia and the latest proposal to abolish jealousy is a promising as some of its predecessors.—St. Louis Globe-Democrat.

When a girl's singing reaches the point where the local paper uses "coloratura" in describing it, her mother may just as well make other arrangements about assistance in the housework.—Toronto Tribune.

Discovers Way to Dodge Tax

Michael Arlen, above, Noel Coward and other British writers who are drawing large royalties from plays and books now circulating in this country, have discovered a way to evade U. S. income taxes. They have incorporated themselves as literature manufacturers, and have to pay only a corporation tax.

Questions And Answers

By FREDERIC J. HASKIN

Q. How many deaths occurred due to Fourth of July fireworks last year?
R. F. P.

A. An analysis of reports from 599 cities in 36 states places the killed at 111 and injured at 1,020. Of these casualties about 800 occurred on Independence day, the remainder being due to celebrations before and after the event.

Q. How can oil be collected from tobacco?
C. H. M.

A. There is no essential oil in tobacco.

Q. What do butterflies and bees eat?
M. C.

A. Butterflies feed on the nectar of flowers and the sap of trees and plants. The various flowers, etc., vary with those found in a locality. All adult bees feed on saccharine juices, particularly the nectar of flowers. It is the habit of bees to devote their searching to a single sort of flower as long as it serves their purpose, each individual visiting blossom after blossom of that kind, instead of searching flowers indiscriminately. This varies with the locality.

Q. What is the meaning of the Indian name, "Canadohta?"
A. The English equivalent is "standing pine."

Q. Why is Halley's comet so famous?
M. O. J.

A. Halley's comet is famous because it was the first whose periodicity was predicted. This was in 1704 but the verification did not take place until 1759.

Q. Which are more economical, dim electric light bulbs or bright ones?
C. F. S.

A. A dim bulb may draw as much electrical power as a bulb the light from which is brilliant. This applies in the case of a high powered bulb, the strength of which is diminishing. What one regards as economical enters into the problem in another way. From the standpoint of actual expenditure of money, dim electrical bulbs which are new are probably less economical than the brighter ones.

Q. What are the tests for woolen cloth?
C. O. T. B.

A. Wool fibers are short and kinky. They give a characteristic sensation when drawn between the teeth, smother when ignited, leaving an irregular lump of ash, and giving off the odor of burning feathers. Wool dissolves when boiled for 15 minutes in a solution containing one tablespoon of lye to a pint of water. Larger amounts of alkaline washing powder may be used instead of lye. This is an excellent way to detect fabrics made of both wool and cotton as the cotton will not disappear under such treatment.

Q. What does Bosphorus mean?
And Dardanelles?
C. F. R.

A. The name Bosphorus is from the Greek meaning oxford. It was named from the legend that Io, transformed into a cow, swam across it. The Dardanelles are named after the Greek city, Dardanus, on the eastern side of the ancient Helles point.

Q. Is Newton D. Baker a native Ohioan?
K. L. C.

A. Newton D. Baker was born in Martinsburg, W. Va., Dec. 3, 1871.

Q. How many eggs does the purple martin lay?
W. D. G.

A. The Biological Survey says that the purple martin raises one brood a year. It lays four eggs.

Q. How much do doves for breeding purposes cost?
R. P. McC.

A. The prices of breeding stock range from \$5.00 to \$2,000 a pair, the price being dependent upon the quality of the pair. Breeding stock has sold as high as \$24,000 a pair.

The object of The News Information Bureau at Washington is to tell you, without charge, whatever you may want to know. The bureau endeavors to answer questions in such a way that the information is of the greatest practical value. It replies to your inquiry by personal letter, treating all correspondence as confidential. You are urged to consider the possibilities of this service in relation to your own problems—personal, household, or business. Ask your friends who have called on the bureau for service about its value. They are its best advertisers. Send in your question and enclose two cents in stamps to cover the return postage. Address: The Salem News Information Bureau, Frederic J. Haskin, Director, Washington, D. C.

Variety of News In Brief Form

Middletown, N. Y., Jan. 30.—Fifteen-year-old Lottie Madden, struck by a stray bullet while on the school grounds, kept silent for several hours because she feared she would be punished by her teacher if she cried out. Her recovery is doubtful.

New York, Jan. 30.—A cash prize of \$1,000 for the best novel dealing with negro life written by a person of negro descent has been announced by the National Association for the Advancement of Colored People.

Babylon, N. Y., Jan. 30.—Mrs. Anna Sherman, wealthy widow of New York, was killed when the sedan in which she was riding skidded and overturned, flinging her violently upon the icy roadway.

New York, Jan. 30.—Four persons were killed and seven were overcome by illuminating gas fumes in the metropolitan area within the past 24 hours.

Columbus, Jan. 30.—Hearings before the State Utilities Commission relative to the statewide investigation into the telephone rate situation have been continued until Feb. 10 and 11.

Twenty Years Ago

(Issue of Jan. 30, 1906.)
The annual meeting of the Pennsylvania freight agents employed along the division between Pittsburg and Mansfield was held Monday in Canton, H. D. Kerr, local agent, presided.

Fred Kramm, German, employed at the plant of the Buckeye Engine Company, met a horrible death at 11 a. m. Tuesday. He was run over by the crane and the top part of his head severed and crushed.

George W. Coy of Ohio Ave., Civil War veteran, is quite ill at the home of his daughter, Mrs. Will Cope, East Fourth st.

Sebring.—The good roads movement is receiving much attention here. The delegates elected to a convention in Youngstown are Atty. H. R. Ewing of Sebring, and E. L. Stanley and Frank Urmon of Beloit. David Whitcomb, formerly of this city, now of Columbiana, expects to move back to Salem the latter part of the week.

Columbus.—Mr. McCord of Columbiana, presented a petition to the house Monday afternoon signed by Salem citizens, requesting the passage of the Briggs bill giving the women the right to vote at local options.

Bell boys, waiters, cabmen and porters are said to be combining to fight the Ohio anti-tipping bill.

The sale of Kansas horses, which was held Tuesday afternoon by P. W. Sprinkel, drew a large crowd of horsemen from all over the country.

Alliance.—For a week or two the boys here have been playing baseball. Skates have been thrown away. The kids are wallowing the sphere with all the vigor of mid-summer.

Reports from all over the state are to the effect that the fruit buds have not been injured by the winter weather.

SOCIETY

Luther League Officers

Officers for 1926 were elected and plans made for a Valentine party on Friday evening, Feb. 12, for the members, at a business and social meeting of the Luther league of Emanuel Lutheran church held Friday evening at the parish hall.

The officers are: President, Marguerite Schmid; secretary, William Konert; treasurer, Margaret Lipp; organist, Elizabeth Sanders.

Rev. Mr. Blank of Sharon, Pa., was in charge at the social period, and introduced some new games, which were enjoyed. A pleasing lunch was served by Catherine Adams, Dorothy Bodendorfer and Dan Brohander.

Winona Parties

As a courtesy to Miss Mable Blackburn, of near Plainfield, Ind., a student in the Friends Boarding school, at Barnesville, Mrs. John Oliphant entertained a group of girls Friday afternoon at her home. Games furnished amusement and a lunch was served. Albert Gamble was host to a group of boys, who are students at the Friends Boarding school, Barnesville, and are spending their vacation in this vicinity, at a supper Friday evening at his home. Later in the evening they were joined by the girls from the same school, who are here. The hours passed happily at games and refreshments were served.

West Side Community Club

Readings, games and contests composed the program of entertainment at an enjoyable meeting of the West Side Community club held Friday evening at the home of Mr. and Mrs. J. W. Lease, Damascus rd.

By request the members brought their baby pictures and some time was spent in looking them over. This feature afforded a lot of fun. A lunch was served. A meeting on Friday evening, Feb. 26, will be at the home of Mr. and Mrs. W. A. Kent, Damascus rd.

Triffy Pull

A very enjoyable time was held Friday evening at the home of Miss May Burcaw, Tenth st., when she was hostess to a group of friends. The home was profitably decorated in tones of pink and white. A mock wedding, games, dancing and music furnished much merriment and the girls enjoyed a taffy pull. To conclude the evening's pleasure the hostess' mother, Mrs. E. W. Burcaw, served a delicious lunch.

True Blue Class

Members of the True Blue class of the Presbyterian church, taught by Mrs. Herman Aftolder, had a social meeting Friday evening at the home of Louise Smith, Garfield ave.

Games and contests provided pleasure. In the contests the prizes were won by Dorothy Cobb and Mrs. Aftolder. Valentine favors were given when the lunch was served. On Feb. 26 the members will meet again.

Attend Dance at Lisbon

A number of Salem people attended the dance given Friday evening by the Lisbon Masons in their temple. The music for the dancing was furnished by Finley's Melody Band of this city. Horace Lake, the banjoist of the band, presented several entertaining numbers.

Mrs. A. H. Walde of South Union st., has returned from St. Petersburg, Fla., where she spent the last three weeks with Mr. Walde.

REPORT OF PROBE AT UNIVERSITY GIVEN DONAHEY

Columbus, Jan. 30.—It will be up to Governor Donahey to make public the report covering the recent investigation at Ohio State university into accusations alleging dissemination of communistic doctrine and of drinking by faculty members and students of the university.

This announcement was made today by officials at Ohio State university. Acting President Rightmire and members of the Ohio State university board of trustees who constituted the committee in charge of the probe were expected to submit their report at a closed meeting of the board at the university today.

The report, it was indicated, will be forwarded at an early date to Gov. Donahey at whose request the investigation was made.

St. Louis Ball Team's Humid Weather Theory Explodes

By DAVIS J. WALSH

New York, Jan. 30.—For lack of something better to do, one of the boys in back room hauls right off, every once in so often, and calls attention to the theory that no St. Louis ball club can win a pennant unless it is at least 25 percent better than its field. The humid atmosphere of the inland city where the Cards and Browns each must play seventy-seven games a season, is popularly supposed to be the answer.

It is an excellent idea but, unfortunately, it is not supported by the official National League averages for 1925, recently released. These show that the Cardinals, far from curling up under the punishing sun in St. Louis, made a remarkable showing on the home grounds and actually tossed off their chances of running one-two behind the Pirates because they couldn't win on the road.

Including a very footnoted get away under the Ricketts regime, the Cards won 48 games and lost 28 in St. Louis for a percentage of .632

Home Guards to Meet

The Home Guards of the Methodist church will meet at the home of Alice Morgan, 135 Euclid st., at 2:30 p. m. next Saturday. Members are asked to bring the gown for the conference box.

Miss Anna Ruth Miller, South Rose st., high school girl, who was injured in an automobile accident a few days ago and is at the Central Clinic hospital, is reported to be getting along well. It is said that her condition is not serious.

Miss Susie Taylor, who has been the guest of her cousin, Miss Thelma Kilbreath, Jennings ave., left Friday for Cleveland, where she will visit a few days before returning to her home in Wallacburg, Ontario, Can.

Mrs. George Gee and son, Daniel, of Pittsburgh, are spending the week end with her parents, Mr. and Mrs. Daniel Kirby, Ohio ave.

Misses Maria and Jennie Caruthers of this city, were admitted to the Salem City hospital Friday for medical treatment.

Miss Marian Tabor, a teacher in the Friends Boarding school, Barnesville, is visiting at Winona.

KILLS SELF AS POLICE ANSWER CRY FOR WARMTH

Cincinnati, Jan. 30.—"I want to get warm, I want to get warm," an unidentified man about 65 years old, pleaded as he wandered through Mariemont, a suburb of Cincinnati, Friday night.

The police are today trying to establish his identity. "I want to get warm," he told the powerhouse crew and the inhabitants of a house in the neighborhood.

A patrolman was called but the man fled. When the patrolman followed him he drew a pistol from his pocket and killed himself.

In his pocket was a slip of paper bearing "Thomas Miller, Machan City, Ind."

New York.—Brilliant hats make women squint. Dr. C. C. Francis has informed the Retail Milliners' Association of America. Therefore he expects the small hat to yield to the large.

In olden times it was believed that at Christmas the sound of church bells could be heard wherever a church stood, though no trace to main.

Off Again

PRINCE OF WALES

The Prince of Wales, champion "faller off" of the world, narrowly escaped serious injury when his horse dropped dead while the British heir was fox hunting. Although bruised, the Prince mounted another horse and continued the hunt. This is the third fall he has had this season.

which was exceeded only by the home record of the Pirates, 675.

Away from home, the Cardinal record was almost scandalous. They won 48 for a percentage of .377, finishing ahead of only one club, the Dodgers, who pleaded guilty to a mark of .368. This disastrous showing kicked the Cards right out of second place. Had they won as many as half of their games on the road, they would have beaten the Giants out of the runner-up position by a few points.

Of course, all ball clubs play better on the home grounds for several reasons, the most important of which is greater regularity of diet and more restful sleep. Greater familiarity with their field and the sympathy of home town crowds also are contributing factors.

In addition it might be pointed out that the Cards' road record was simply a reaction from the long, hot days in St. Louis, but that is a moot point.

The fact of the matter is that all National League clubs, with the exception of the Pirates, were poor road teams and the Cardinals were

FERN CAPITALIZES ON HER MARRIAGE

Meanwhile Husband Sits In Jail While Police Dig Into His Past.

Columbus, Jan. 30.—Still maintaining an air of mild indifference, "Dr." Roy Bowman, husband of Fern Rogers, musical comedy star, continued to occupy a "De Luxe" cell in the county jail here while authorities were attempting to learn more of the man's past.

Bowman was jailed Thursday night when he could not pay a hotel bill of \$192, climaxing his whirlwind courtship and marriage of the actress. They were married January 12 after an acquaintance of only two days.

Police were investigating a report from Oakland, California, that a man who is alleged to resemble the prisoner is wanted there. Officials also announced that even in the event Bowman succeeded in raising the money for the hotel bill, he would be held until a thorough investigation had been conducted.

In the meantime, the much-chagrined musical comedy star has contracted with a local theatre to head-line next week's vaudeville bill. She will tell the "truth about her affair with Bowman," she said.

"While it is very humiliating that I should be in such a position, I might as well capitalize in the publicity which has accompanied my matrimonial difficulties," she said.

MANY ECONOMIC PROBLEMS WHEN NATIONS DISARM

London, Jan. 30.—Many questions besides the limitation of armaments and reduction of navies must be taken into consideration by the league of national disarmament commission meeting in Geneva, Feb. 15, according to the views of British authorities.

"It is utterly impossible to forecast what politicians will or will not do," said Admiral Sir Reginald Hugh Bacon. "What they should do is probably quite a different matter to what they will do."

The really interesting speculation in the disarmament problem is what will be the repercussion of disarmament in the physique, sentiment and patriotism of the different nations, and how the tremendous wave of unemployment which will follow in its wake is to be dealt with.

"If anything approaching complete disarmament were to be adopted the social dislocation caused by the abolition of certain trades would be considerable. There is little doubt that life in a fighting service improves the general discipline and physique of the individuals of a country. Our red hot enthusiasts forget these things."

"Moreover, economically there is already insufficient production. Money saved on the pay of soldiers and sailors will have to be spent in doles. It is a sorry picture we paint in our imaginations of the difference in life and education of disciplined soldiers in the barracks and the same men when discharged and learning to live in idleness on the dole."

BOATS START IN EFFORT TO REACH 2 STRANDED TUGS

Muskegon, Mich., Jan. 30.—Rescuers in a small boat equipped for ice running, started from Ecorse, Mich., today in an effort to reach the ice stranded tugs, Helen N. and Indian, with five men aboard, which have been locked in the ice floes for two days.

Efforts will first be made to reach the Helen N., which has drifted 12 miles in the floes since her first whistle of distress was heard.

Supplied by airplane with food and coal, the men are not believed to be in grave danger now.

Car ferries and the big liner, Alabama, also caught in the ice, are in no danger and are plentifully provisioned.

OHIO COAL MEN UNITE FOR NEW FREIGHT RATES

Cleveland, Jan. 30.—Organizers of a bureau, equipped with a technical staff, to handle the troublesome questions of freight differentials and protect Ohio coal from the constantly growing competition from West Virginia and Kentucky, will be one of the first things taken up by the newly organized Ohio Coal Association. It was learned today.

Operators representing all four fields were present yesterday at a meeting at which the new association was organized. They admitted that the industry is facing a crisis due to the competition of more cheaply produced coal and the unfavorable workings of present freight charges.

Sheriff On Trial In Beer Conspiracy

Cincinnati, Jan. 30.—Richard B. Witt, sheriff of Hamilton county, is on trial today on an indictment charging conspiracy with officials and employees of the Mahawk Brewery Co. of Cincinnati and others to violate the national prohibition act. The hearing will be finished this afternoon in the U. S. district court, and it is not likely that a verdict will be reached before nightfall.

Government witnesses testified yesterday that Witt frequently came to the brewery to get a glass of "real beer" and casually discuss the operations of the brewery.

COURT NEWS

Demand \$20,000 Damages

Although the action was dismissed by Judge Paul Jones in the United District court Nov. 10 last, Joseph McKenna and his wife, Bessie McKenna, have each filed individual petitions in common pleas court at Lisbon against J. Bert George, seeking a total damage judgment of \$20,000.

In the petition filed by Attorney G. Jay Clark of East Liverpool and Anderson, Lamb and Marsteller of Youngstown for Joseph McKenna, a \$5,000 damage is sought, and in the petition filed for Bessie McKenna, his wife, \$15,000 damages is prayed for. The petition relates that Mrs. McKenna suffered pain from nerves in her last molar tooth located in the right lower jaw and went to the dentist who administered a local anesthetic to the gums. The petition says the needle broke one and five-eighths inches from the point, and at that time it was impossible to remove the needle, which later moved from the jaw and lodged in the right side of her neck under the right jaw.

On Sept. 5, 1923, at the request of the defendant, the petition goes on to say, she submitted to an operation for the removal of the needle, an incision being made on the right side of the face and neck.

In the petition filed for McKenna it is related that \$300 was spent for physician; \$100 for medicine and \$600 for services at home.

Gen. Warren Keifer 90 Years Old Today

Dayton, Jan. 30.—Senator Frank B. Willis left here this morning for Springfield, where he will pay his respects to Gen. J. Warren Keifer who is today celebrating his 90th birthday.

Senator Willis was the principal speaker at the annual McKinley day banquet of Dayton and Montgomery county Republicans held last night at Memorial hall and attended by more than 1,000 persons.

MUNN STEALS HIS BROTHER'S STUFF

Monte Seeks Limelight To Reclaim Thunder Big Wayne Started

New York, Jan. 29.—Look around carefully, select your nearest exit and run, don't walk. It may be vitally necessary that you either beat your neighbor to the street or to a pulp depending entirely upon personal preference.

We have had one member of the Munn family, maiden name Wayne as a boxing wrestler or a wrestling boxer or something. It seems we are about to have another, only this one is alleged to entertain no uncertainty as to what profession he may adorn.

Monte, brother of the former wrestling champion, hove into view today, presumably as a heavyweight boxer, and with him came an alleged expose of Wayne as a gentleman who cashed in on a college reputation that he longed to Monte and none other. At least, this was the allegation of Jack Curley, the esteemed promoter who is understood to have done his share of alleging at odd moments.

Wayne was supposed to have been quite a football player at Nebraska. According to Curley, the football player was Monte. Wayne was said to have been heavyweight boxing champion at the university. Monte again, Curley declares.

As for Monte, he admitted nothing. He said he was looking around. It was whispered that the youth plans to get himself a bout or two here, and failing to make a distinct impression either on an opposing jolly or on the public, to forget the incident promptly and call it a career.

He is what might be called Wayne's little brother, being only six feet four inches tall.

SMALL BEGINNINGS SHOW BIG RESULTS

Many great enterprises begin in a small way. Many a successful advertiser has begun by using classified advertisements in a modest way. These brought good returns, which enabled the business to be developed, and eventually large advertisements were profitably used. Intelligent use of the little ads in The Salem News either by advertiser or reader will prove to you.

MANY ECONOMIC PROBLEMS WHEN NATIONS DISARM

London, Jan. 30.—Many questions besides the limitation of armies and reduction of navies must be taken into consideration by the league of national disarmament commission meeting in Geneva, Feb. 15, according to the views of British authorities.

"It is utterly impossible to forecast what politicians will or will not do," said Admiral Sir Reginald Hugh Bacon. "What they should do is probably quite a different matter to what they will do."

The really interesting speculation in the disarmament problem is what will be the repercussion of disarmament in the physique, sentiment and patriotism of the different nations, and how the tremendous wave of unemployment which will follow in its wake is to be dealt with.

"If anything approaching complete disarmament were to be adopted the social dislocation caused by the abolition of certain trades would be considerable. There is little doubt that life in a fighting service improves the general discipline and physique of the individuals of a country. Our red hot enthusiasts forget these things."

"Moreover, economically there is already insufficient production. Money saved on the pay of soldiers and sailors will have to be spent in doles. It is a sorry picture we paint in our imagination of disciplined soldiers in the barracks and the same men when discharged and learning to live in idleness on the dole."

BOATS START IN EFFORT TO REACH 2 STRANDED TUGS

Muskegon, Mich., Jan. 30.—Rescuers in a small boat equipped for ice running started from Escanaba, Mich., today in an effort to reach the ice stranded tug, Helen N., and Indian, with five men aboard, which have been locked in the ice floes for two days.

Efforts will first be made to reach the Helen N., which has drifted 12 miles in the floes since her first whistle of distress was heard.

Supplied by airplane with food and coal, the men are not believed to be in grave danger now.

Car ferries and the big liner, Alabam, also caught in the ice, are in no danger and are plentifully provisioned.

OHIO COAL MEN UNITE FOR NEW FREIGHT RATES

Cleveland, Jan. 30.—Organization of a bureau, equipped with a technical staff, to handle the troublesome questions of freight differentials and protect Ohio coal from the constantly growing competition from West Virginia and Kentucky, will be one of the first things taken up by the newly organized Ohio Coal Association. It was learned today.

Operators representing all four fields were present yesterday at a meeting at which the new association was organized. They admitted that the industry is facing a crisis due to the competition of more cheaply produced coal and the unfavorable workings of present freight charges.

Sheriff On Trial In Beer Conspiracy

Cincinnati, Jan. 30.—Richard B. Witt, sheriff of Hamilton county, is on trial today on an indictment charging conspiracy with officials and employees of the Mohawk Brewery Co., of Cincinnati and others to violate the national prohibition act. The hearing will be finished this afternoon in the U. S. district court, and it is not unlikely that a verdict will be reached before midnight.

Government witnesses testified yesterday that Witt frequently came to the brewery to get a glass of "real beer" and casually discuss the operations of the brewery.

KILLS SELF AS POLICE ANSWER CRY FOR WARMTH

Cincinnati, Jan. 30.—"I want to get warm, I want to get warm," an unidentified man about 65 years old, pleaded as he wandered through Mariemont, a suburb of Cincinnati, Friday night.

The police are today trying to establish his identity. "I want to get warm," he told the powerhouse crew and the inhabitants of a house in the neighborhood.

A patrolman was called but the man fled. When the patrolman followed him he drew a pistol from his pocket and killed himself.

In his pocket was a slip of paper bearing "Thomas Miller, Mariemont, City, Ind."

New York.—Brilliant hats make women squint, Dr. C. C. Francis has informed the Retail Milliners' Association of America. Therefore he expects the small hat to yield to the large.

In olden times it was believed that at Christmas the sound of church bells could be heard wherever a church stood, though no trace remains.

The Prince of Wales, champion "faller off" of the world, narrowly escaped serious injury when his horse dropped dead while the British heir was fox hunting. Although bruised, the Prince mounted another horse and continued the hunt. This is the third fall he has had this season.

True Blue Class

Members of the True Blue class of the Presbyterian church, taught by Mrs. Herman Aelter, had a social meeting Friday evening at the home of Louise Smith, Garfield ave.

Games and contests provided pleasure. In the contests the prizes were won by Dorothy Cobb and Mrs. Aelter. Valentine favors were given when the lunch was served. On Feb. 26 the members will meet again.

Attend Dance at Lisbon

A number of Salem people attended the dance given Friday evening by the Lisbon Masons in their temple. The music for the dancing was furnished by Finley's Melody Band of this city. Horace Lake, the banjoist of the band, presented several entertaining numbers.

REPORT OF PROBE AT UNIVERSITY GIVEN DONAHEY

Columbus, Jan. 30.—It will be up to Governor Donahey to make public the report covering the recent investigation at Ohio State university into accusations alleging dissemination of communistic doctrine and of drinking by faculty members and students of the university.

This announcement was made today by officials at Ohio State university. Acting President Rightmire and members of the Ohio State university board of trustees who constituted the committee in charge of the probe were expected to submit their report at a closed meeting of the board at the university today.

The report, it was indicated, will be forwarded at an early date to Gov. Donahey at whose request the investigation was made.

St. Louis Ball Team's Humid Weather Theory Explodes

By DAVIS J. WALSH

New York, Jan. 30.—For lack of something better to do, one of the boys in back room hauls right off, every once in so often, and calls attention to the theory that no St. Louis ball club can win a pennant unless it is at least 25 percent better than its field. The humid atmosphere of the inland city where the Cards and Browns each must play seventy-seven games a season, is popularly supposed to be the answer.

It is an excellent idea but, unfortunately, it is not supported by the official National League averages for 1925, recently released. These show that the Cardinals, far from curling up under the punishing sun in St. Louis, made a remarkable showing on the home grounds and actually tossed off their chances of running one-two behind the Pirates because they couldn't win on the road.

Including a very flatfooted get away under the Rickey regime, the Cards won 48 games and lost 28 in St. Louis for a percentage of .632.

which was exceeded only by the home record of the Pirates, .675.

Away from home, the Cardinal record was almost scandalous. They won 48 for a percentage of .377, finishing ahead of only one club, the Dodgers, who pleaded guilty to a mark of .368. This disastrous showing kicked the Cards right out of second place. Had they won as many as half of their games on the road, they would have beaten the Giants out of the runner-up position by a few points.

Of course, all club balls play better on the home grounds for several reasons, the most important of which is greater regularity of diet and more restful sleep. Greater familiarity with their field and the sympathy of home town crowds also are contributing factors.

In addition it might be pointed out that the Cards' road record was simply a reaction from the long, hot days in St. Louis, but that is a moot point.

The fact of the matter is that all National League clubs, with the exception of the Pirates, were poor road teams and the Cardinals were

NEW DRY FLYING SQUADRON FORMED

Washington, Jan. 30.—A new flying squadron has been organized in the prohibition bureau to deal solely with "big bootleggers" who have their basis of supply in the industrial alcohol manufacturing plants in Pennsylvania and New York. It was announced today by Gen. Lincoln C. Andrews.

John A. Foster, now administrator at New York, has been designated as chief of the new squadron. He will not, however, give up his post as chief of enforcement in New York.

40 Children Enroll In Ukelele Classes

Salem youngsters like to play the ukelele says Miss Doris Chandler, director of women's and children's activities at the Memorial building.

Miss Chandler has over 40 children in her "uke" classes. The class when organized was so large it has been split into two sections, part coming Wednesday afternoon and the others on Thursday afternoon. Special practice for some is held Saturday mornings.

Ages in the classes range from first graders to pupils of the Junior High. Two children in the first grade are among the best "strummers" of this Hawaiian instrument.

RECOVER BODIES OF 27 KILLED IN MINE EXPLOSION

Holena, Ala., Jan. 30.—The bodies of 27 miners, 11 white and 16 of color, have been recovered from the mine of the Premier Coal Co., at Mossboro, wrecked by an explosion late yesterday, according to advices received here today.

Approximately 50 men were in the mine when the explosion came, and it is believed that all but the 27 whose bodies have been recovered, escaped alive, according to reports from the rescue operations this morning.

What miners describe as a "windy shot" is believed to have caused the explosion, which came just as men were leaving the mile at the end of the day's work. The dead men, trapped 1500 feet from the mouth of the shaft, are believed to have been killed instantly.

Those who were rescued re-entered the mine immediately to aid in the rescue operations.

SALEM GETS EVEN BREAK AT LISBON

High Boys Have Easy Time
Winning, 67-21. But Girls
Lose Close Game.

Lisbon and Salem High split a double header at Lisbon Friday night. The Red and Black Girls lost a close battle, 20 to 19, which practically eliminated them from further consideration for the title this year. The Salem Boys had a walkaway from the Lisbon eagles, 67 to 21.

In the girls game, the Salem outfit lost in the last half. At the quarter the Salem six led, 9 to 0, and at the half led 14 to 0. It looked as though continued consistent work of this team would easily win for Salem. During the first half Older at forward and Rogers at guard were starting. Hansen was back at guard for the first time since last year.

But the tide turned. Salem's defense crumbled at the second half, and the Salem players made none good, in the third and fourth periods. Lisbon got in the lead at the end of the last quarter, 20 to 19. The girls game was simply a good practice session for the Red and Black Salem led at the first quarter, 14 to 3, and from then on ran away with things. The second team saw plenty of action in the game.

Other county games last night were:
East Liverpool Boys 20, Columbiana 19; Liverpool Girls 13, Columbiana 10; East Palestine Boys 22, Wellsville 10; Palestine Girls 22, Wellsville 10.

SUZANNE LIKES HELEN'S CHOICE OF NEW FROCKS

Games, Jan. 30.—Suzanne Lenglen admires Helen Willis' style—in clothes.

The French star and the American star have discussed styles together and Miss Willis has shown Miss Lenglen samples of goods for new dresses as well as models and Miss Lenglen approved thoroughly.

"I showed samples of my new dresses to Suzanne and she said they are 'chic,'" said Miss Willis today. "She ought to know, for she is one of the best dressed players I ever saw on the courts."

My next photographs will show me in my new French dresses, for I am telling all of the photographers to wait for I want the folks at home to see me in my new dresses."

Miss Willis is undoubtedly having a struggle to keep her mind entirely upon tennis for the Paris model houses have besieged her and have been most anxious to display their latest fashions to her.

"It's hard to keep one's money in one's pocket, when everything is so beautiful," she said.

Last Night's Fights

New York Joe Glick, Brooklyn, got the decision over Johnny Dundee, New York, ten rounds; Joe Dundee, Baltimore, got the decision over Joe Simonick, Baltimore, ten rounds; Ray Miller, Chicago, got the decision over Johnny Nichols, St. Paul, ten rounds; Tom Travers, New Haven, knocked out Frank Callahan, Columbus, O., second round; Manny Wexler, New York, got the decision over Billy Kelly, Scranton, Pa., four rounds.

Philadelphia Frankie Ferro, Bridesburg, Pa., gained judges' decision over Danny Martin, Norristown, Pa., ten rounds; Jimmy McNulty, Scranton, Pa., defeated Battling Spag Philadelphia, six rounds.

LISBON CHURCH TO BE DEDICATED SUNDAY MORNING

Lisbon, Jan. 30.—Bishop T. S. Henderson of Cincinnati, will preach the sermon at the rededication service at the Lisbon Methodist Episcopal church Sunday morning. It has been announced by Rev. W. E. Tilton, pastor, District Superintendent H. S. Powell of Steubenville, formerly pastor of the East Palestine Methodist Episcopal church, will assist in this service.

The evening sermon will be delivered by the pastor of the church. No service has been held in the auditorium of the Lisbon church since November. During that time the church has been enlarged, a new pipe organ installed and the church has also been redecorated.

Under the direction of Jeannette Christine, an organ recital will be given in the church Saturday evening. She will also render several solo selections at the Sunday morning services.

Mrs. Harry E. Marsden will preside at the organ at both services Sunday, she being the regular organist of the church.

KLAN MAY OPPOSE WILLIS AT POLLS

Hooded Order Not Pleased
Because Senator Voted
For World Court.

Columbus, Jan. 30.—The Ohio branch of the Ku Klux Klan will hesitate before embarking on an organized campaign of opposition when United States Senator Frank B. Willis comes up for re-election in November, despite reports from national Klan headquarters in Washington that every senator who voted for the world court would find himself opposed by the Klan.

This however, does not mean that klansmen as individuals may not work for his defeat, Clyde W. Osborne, grand dragon of the Ohio Klan said.

Osborne said that no word has been received from Washington headquarters concerning Republican senators who voted for the world court, but admitted that the Ohio order was not at all pleased with the actions of Senators Willis and Fess of Ohio, voting for the court after the Ohio Klan had wired the senators asking negative votes.

"The Ohio Klan," Osborne said, "is not at this time planning an organized campaign against Willis. We do not know that such a campaign will be undertaken in the state, but it is certain that many of our members will work to defeat him."

Because of Willis' dry record, he has heretofore been more or less a favorite with the Klan.

RESCUE CHILDREN AS HOUSE BURNS

Two Wagenhouser Girls Ill
When Maid Discovers
House Ablaze.

Leetonia, Jan. 30.—At 3:30 p. m. Thursday the fire company was called out to fight a fire which threatened the home of Joseph Wagenhouser, Jr., on the corner of Ridge and Hazel sts. A defective chimney from the furnace was the cause of the fire which started in the basement and burned up the wall to the second floor.

The fire was discovered by the maid who, with the four daughters of Mr. and Mrs. Wagenhouser, was at the home. Two of the little girls, Edith and Ida, were in bed ill of measles and they were carried to the home of a neighbor.

The firemen succeeded in extinguishing the fire which caused about \$500 damages, partly covered by insurance.

The strong wind made the danger greater and the intense cold hampered the firemen. Mr. Wagenhouser hopes to have anything out good luck this winter. Mrs. Wagenhouser is seriously ill in the Salem City hospital. The home quarantined for measles, with the children very ill, and then the fire another calamity.

The annual banquet of the "I. F. Mellinger class," of St. Paul's Lutheran Sunday school was held on Thursday evening at 6:30 p. m. in the chapel. This banquet is given each year by Mr. Mellinger and is looked forward to by the class members as the "Red Letter" day of the year. The Priscilla club served a fine three-course chicken dinner, covers being laid for 80 members and guests. The long tables laid in the

dining room were beautiful with potted plants covered with pink blooms. The favors were pink crepe paper hats with miniature church spires suspended from the bands.

Rev. R. W. Ustick, pastor of the First Presbyterian church of Wellsville, who was to have been present and given an address, telephoned that he had made the attempt but his auto was stuck in the snow drifts and he was not able to reach Leetonia.

Among the guests were: Rev. H. C. Brillhart, Supt. of Schools E. P. Stonebraker, C. S. Anglemeyer, Clyde Bream of Gettysburg, Pa., and Rev. G. A. Beers, pastor of the Baptist church, Salem. Mr. Mellinger acted as toastmaster and presided in his usual humorous manner. Prof. Stonebraker, gave the first talk, followed by a short talk by Clyde Bream. Rev. Brillhart gave a short address. Rev. Mr. Beers, the principal speaker of the evening, spoke on the "Value of the Sunday Schools and Churches to a community," illustrating with many pointed arguments. Short talks were given by C. S. Anglemeyer, Hayes Stiller, C. E. Holt and F. W. Mossman, the latter president of the class. They all spoke on the same

"I Finish Ironing in Two Hours With My *Thor* Folding Ironer"

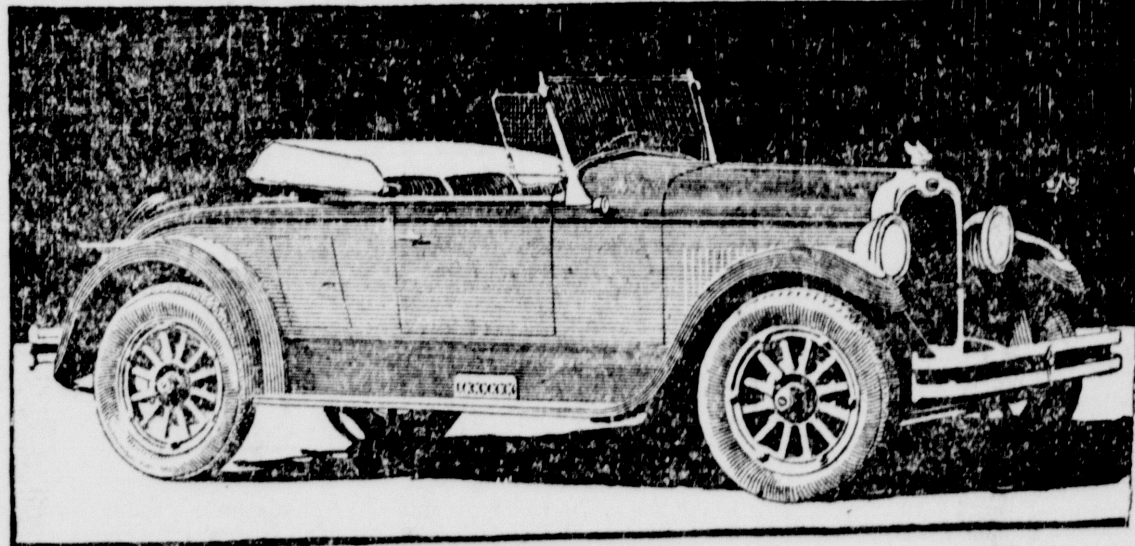

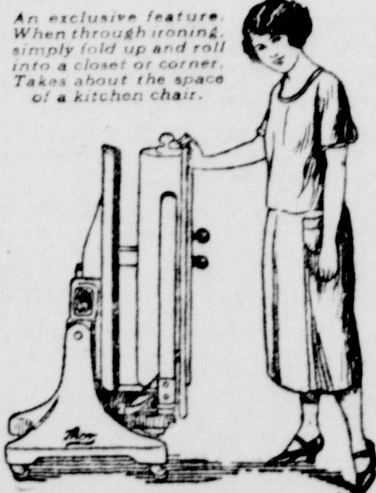

The new Thor Folding Ironer is a marvel of simplicity. You merely sit in a comfortable chair and guide the pieces through. It makes ironing a pleasure. The Thor Ironer easily does an ordinary day's work in two hours, leaving the rest of the day free. It is as economical as hand ironing.

It is so compact that it fits even the smallest apartment kitchen—or it can be rolled to the most cheerful, sunshiny room, or on a porch. It is so convenient it can be rolled out and used whenever wanted as easily as getting out a hand iron. Any baseboard electric outlet in your home furnishes current for the small motor and for heat. (May be had for gas heat if preferred.) Sold on small monthly payments you'll never miss.

Now—A Real Sport Roadster—\$1175

OAKLAND presents a dashing new Sport Roadster with Body by Fisher, outclassing in style, distinction and colorful beauty any automobile in its field.

Long, low, racy lines impart an air of extraordinary fleetness. A striking two-tone color combination, Mount Royal Blue and El Paso Tan—employed on fenders and splash apron as well as body—contrasts smartly with nicked radiator and lamps.

A comfortable auxiliary seat in the rear deck accommodates two extra passengers

—while a locked compartment in the side of the body permits the carrying of luggage, golf clubs, etc.

Speed—flashing acceleration—power—unmatched freedom from vibration—qualities so essential in a car of this type—are natural characteristics of the Oakland Six.

To see this new car is to desire it—and that desire is intensified by its low price, only \$1175, at factory. Now on display at Oakland dealers' salesrooms.

Additional Equipment Includes:

Gray Colonial grain leather upholstery, inlaid nickel door handles, folding and detachable top, nickel luggage, nickel windshield frame, plate glass windows, nickel bumpers, decorative radiator cap, aluminum deck rails and top supports, kick plates, automatic windshield cleaner, rear view mirror, transmission lock, four wheel brakes, natural wood wheels (wire or disc covers), air cleaner, oil filter, and the Harmonic Balance.

RAY GRIFFITH, THE WANDERER, ON NEW BILLS

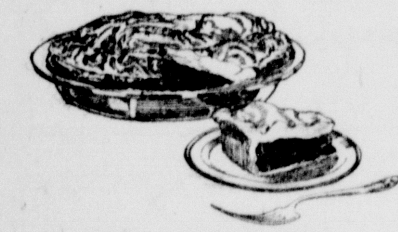

The horn of plenty will be noted in local film houses next week. Two of the best Paramount releases are booked for the State, these being "The Wanderer" and "Hands Up," and the Grand will enjoy a "western week" all three productions booked being of this brand of picture.

One of the big spectacles, "The Wanderer" is the story of the first black sheep and an alien of Italy. In cast are William Collier, Jr., as black sheep; Greta Nissen, the beautiful Norwegian actress, as the luring city girl; Ernest Torrence, playing the role of Tola, the evil one; Wallace Beery, Tyrone Power, Kathryn Williams, and Kathryn Hill, as well as a large supporting cast and hundreds of extras.

Raoul Walsh, director of "The Thief of Bagdad" had charge of this picture. It has been praised everywhere. It has been shown, and is said to be better than stage production which had Florence Reed in Greta Nissen's part. Because the picture will attract persons of all ages it will be held four days at the State.

Raymond Griffith's newest comedy picture, "Hands Up," which was so favorably received last week in Cleveland, will be at the State the last two days. This popular high-batted laugh maker has the part of a Con-

ROADS IN COUNTY
TOTAL 1155 MILESOf Total Mileage 159 Are
Improved; Brick Leads
With 70 Miles.

According to a report made to the State Highway department by County Surveyor Lloyd C. Kirk, there are 1,155.5 miles of roads in Columbiana county, the county having one of the largest mileage records in the state. The report of Mr. Kirk was made to Harry J. Kirk, chief engineer of the State Highway department as provided by Section 7181 of the General Code.

Of the total mileage of roads in this county, 159.03 are improved, the type of road improvement being defined by the following record: Brick construction 79.9 miles; concrete 27.5 miles; asphaltic concrete 1.17 miles; Willite 1.41 miles; bituminous macadam 32.7 miles; waterbound macadam 16.1 miles; sandstone 1.15 miles.

There are 103.5 miles of improved highways in this county as defined under the regulations of the State Highway system and 55.5 miles of improved highway under the county system. In addition to this mileage there are 51.5 miles of dirt road under the state system which means this volume of mileage remains to be improved according to existing plans as agreed upon by the county commissioners and the State Highway department and 94.5 miles of dirt road on the county system that are unimproved and in a measure having to do with the township system.

The close of the present year will see an addition to the mileage record of improved highways as the State Highway department has already awarded contracts for the surfacing of several roads and the county commissioners during February will award bids for the construction of additional mileage.

Within the next five years it is maintained that the mileage of improved highways in this county will be increased at least 60 per cent. Even during the present year the 18 townships in the county will improve a mile or more of highways under the provision of the Green law and in addition the same record will be continued next year. The \$950,000 land issue will also aid materially to the improved road system in this county during the next three years.

COLUMBIANA

Columbiana High school will this year be host to the Girls' County Basketball tournament in which practically all county schools, eight or nine in number, will participate. The dates have not been definitely set but it will be held on some Friday and Saturday early in March.

The worst weather of the winter played havoc Thursday with Columbiana business houses and factories, the town being virtually deserted all day. One shop reported being 30 men short at work, as out of town employees could not get in.

Most of the employees of the Franklin Furniture Co., who live in New Waterford, came up on the morning train, while those that did drive found themselves stuck in a gigantic snowdrift near Middleton and spent most of the day digging themselves out.

Bus service between Columbiana and Youngstown was suspended all day, while trolley and other bus lines carried on with a belated schedule. The 10 or 12 degrees below zero record Friday morning will doubtless work further hardships.

The Franklin Furniture Co. basketball team journeyed to Salem Thursday night and met defeat at the hands of the Salem Clerks by one point, the score being 19-20. The Clerks are the chief contenders for the Salem City championship. Bretz was high scorer for the furniture boys, who have been improving rapidly after a late start.

Mrs. Charles Gibbs, Fairfield ave., was taken to the Salem City hospital Thursday for an operation for appendicitis. Neighbors are caring for her seven-month-old baby, who has been ill of double pneumonia, but is now improving. Five other children are also in the home. Mrs. Albert Manning who lives in the same house with the Gibbs family, was taken to the Central Clinic in Salem Thursday morning where she also submitted to an operation.

Among those from out of town attending the funeral service for Mrs. Mary D. Holloway Wednesday afternoon were: Mrs. M. E. Nolan, Chil-

cago; Mr. and Mrs. Enos Yoder, East Palestine; Mr. and Mrs. John Detwiler, Salem; Mrs. U. S. Nola, Leetonia; and Mr. and Mrs. Noah Knapp, Washingtonville.

Columbiana High school basketball teams, following their big games Friday night with East Liverpool will endeavor to take over the Fairfield High teams, Saturday night on their own floor.

Samuel Buffinger who has been ill for several years at his home on Union st., is reported to be much worse at present.

The Misses Mary Strubel and Rachel Baughman, students at Wooster university arrived home Thursday to spend the week end following the mid-year examinations.

The members of the Do Drop In club were entertained Tuesday at a 1 o'clock luncheon at the home of Mrs. F. C. Hartman. Eleven members were present, the next meeting being with Mrs. C. A. McKean in two weeks at her home on South Elm st. Miss Grace Frye, student at Ohio Wesleyan college, Delaware, is visiting for several days with her parents Mr. and Mrs. D. M. McGaffrick, Union st.

Mrs. George Burke, who recently submitted to an operation at the Salem City hospital, is reported to be recovering satisfactorily.

Mrs. Katherine Donbar has returned to her home here after a visit of several weeks with relatives at East Palestine.

Rev. C. E. Krumm was at East Palestine Tuesday evening, where he gave an address at a meeting of the Kiwanis club.

SHERIFF'S SALE

Common Pleas Court.
THE STATE OF OHIO—Columbiana County.
THE FIRST NATIONAL BANK, Salem, Ohio, Plaintiff.

WILLIAM W. LADD, et al, Defendant.

Case No. 17,072

Notice is hereby given, that on Tuesday, the 8th day of February, A. D. 1926, at two o'clock P. M., I will offer for sale at public auction on the premises, the following real estate, situated in the County of Columbiana, and State of Ohio, and known as and being a part of the Southeast quarter (1-4) of Section number Thirty-five (35), Township No. Seventeen (17), Range Four (4), and bounded and described as follows, to-wit: "Beginning at a corner on the North right of way line of The Stark Electric Railway Company's lands said corner being 704 feet East and 80 feet North of Southwest corner of said quarter section, run thence North eight hundred and five and two-tenths feet (805.2) to a corner, thence East one hundred and eight feet (108) to a corner, thence South eight hundred and four and five-tenths feet (804.5) to a corner on the North line of said Stark Electric Railway Company's right-of-way lands; thence West with North line of said right-of-way one hundred and eight feet (108) and to the place of beginning, containing two acres (2 A.) of land, be the same more or less, and being the same premises as conveyed by grantor, said William W. Ladd, to defendant, as of date of said deed."

In Vol. Page of Dead Records of Columbiana County, Ohio, to which deed reference is hereby made, said premises are further described as being located on North side of State Road leading from Salem to Damascus, Ohio, and one and a half miles west of said City of Salem, Ohio, and cannot sell for less than two-thirds of said appraisal.

Said premises to be sold as the property of William W. Ladd, et al, to satisfy a judgment in favor of The First National Bank, Salem, Ohio, on a deed of sale issued from the Common Pleas Court of Columbiana County, Ohio, and to me directed as Sheriff of said County.

TERMS OF SALE, Cash.

Given under my hand this 8th day of January, 1926.

GEORGE WRIGHT,

Sheriff of Columbiana County, Ohio.

Tomato and Onion Salad
Red Diamond Wafers
Bread Butter
Peach Pie Coffee Milk

TODAY'S RECIPES
Sour Cream Gingerbread—One cup brown sugar, one egg, one cup molasses, one cup sour cream, three cups sifted flour, one teaspoon soda, one teaspoon each ginger and cinnamon. Mix sugar and egg. Add molasses and cream. Sift in soda and spices with the flour. Bake in dripping pan.

Tomato Timbale—Two eggs, one can tomato soup, one quarter cup cream, one pimiento (chopped), one onion (chopped), one-half green pepper (chopped), three-quarters teaspoon salt, one-eighth teaspoon pepper, dash of cayenne. Beat eggs slightly; add cream and other ingredients. Turn into well greased custard cups placed in a pan of hot water. Bake 25 to 40 minutes in a moderate oven until a knife inserted in the center comes out clean.

Red Diamond Wafers—Roll rich pastry very thin. Cut with diamond cutter. Sprinkle with grated sharp cheese and top with paprika. Bake till crispy brown bread and serve hot with salad. These may be prepared when making pie and warmed up at serving time.

SUGGESTIONS
A sheet of newspaper placed under each small rug on a polished floor will prevent them from slipping about and causing accidents.

The dust mop can be kept in excellent condition if it is brushed well.

LATEST IN STYLE FOR WOMEN

Paris, Jan. 30.—Coming colors are casting their shadows before them and although it seems a far cry till the day when the robins will sing again, the smart Parisian dressmakers are already giving out hints as to what shall be worn in the springtime.

Pastel shades, 'tis said, will have a decided spring run. Reversing sharply by the bright, sometimes violent colors of the last season, new silks and other materials will bring back lovely soft pastel shades. The first things brought out for spring and now being worn out on the Riviera are in entrancing violets, mauves, greens and turquoise-blue.

At a recent wedding the group of bridesmaids wore frocks in bois de rose georgette embroidered in gold beads and having overskirts of gold net likewise embroidered. Their late hats were of the same shade trimmed with a large rose and the coats they wore over their frocks were of a charming shade of blue.

Cream georgette crepe was the material which made the dresses of another smart group of bridesmaids at a recent wedding in the capital. The skirts were picturesquely outlined by orange and yellow flowers along the upper edges and Chantilly lace at the hem. All were in the same color.

Another wedding party was even more original with varying shades of pastel hues for each bridesmaid. The dresses were of chiffon, all different and running the gamut from maize to amber.

In some of the floral designs being brought out for springwear, the most delicate and the richest of all the motifs, an occasional top-note is introduced in vivid Russian tints. Some of the designs are large with conventional flowers and leaves. Others have dainty little posies sprinkled over a delicately-tinted background. But whatever the design, it is the soft, subdued tint that predominates.

Fight This Enemy Now

For centuries the world has fought rats, but always in a disorganized way and therefore ineffectually.

The best way to go after them is to deny them hiding places and food.

These pests breed at a great rate and if they find favorable conditions soon threaten to overrun any place.

Learn how to protect your home from these disease carriers. The government has investigated how to do it, and has a free publication on the subject. Our Washington Information Bureau will secure a copy of this booklet for any of our readers who fill out and mail the coupon below. Enclose two cents in stamps to pay return postage and be sure to write your name and address clearly on the lines of the coupon.

Frederic J. Haskin, Director,
The Salem News
Information Bureau,
Washington, D. C.

I enclose herewith two cents in stamps for return postage on a free copy of the Rat Booklet.

with a which broom each time after it is used.

The cleaning of the gas range oven is easily and thoroughly done by using the electric sweeper. Attach the blow tube used for drying and blowing purposes and blow out the dust and particles collected. When cleaning the burners blow air into the end of the intake pipe. A paper placed under the range will catch the dirt. Gas heating stoves can be cleaned by the same method.

ASPIRIN GARGLE IN SORE THROAT OR TONSILLITIS

Prepare a harmless and effective gargle by dissolving two "Bayer Tablets of Aspirin" in four tablespoons of water. Gargle throat thoroughly. Repeat in two hours if necessary.

Be sure you use only the genuine Bayer Aspirin, marked with the Bayer Cross, which can be had in boxes of twelve tablets for few cents.

Astordby, Eng. — Born in 1856 Thomas Hazelwood began his duties as a chorister in the All Saints' parish church here, 60 years ago, became a bellringer when 12 years old and was elected captain when 17. He still has the chief bellringing job.

Those Who Appreciate

the importance of all that contributes to their good appearance, place high value upon the expert assistance and the variety of correct styles which, in our office assures easy and satisfactory selection of becoming glasses.

The high-wave reception range of the Grebe dial (B) — from 550 down to 240 meters — equals the practical tuning range of the usual receiver. The low-wave range of the Grebe dial (A) provides additional reception down to 150 meters.

You Don't Need Two Radio Receivers

OVER 100 existing stations, with worth-while programs, are beyond the reach of the average receiver because it cannot tune below 240 meters.

Thus, to get both high and low-wave stations requires two receivers—unless you own a Synchrophase. Due to its Low-Wave Extension Circuits—exclusively Grebe—it will receive all stations from 550 down to 150 meters. One dial covers this complete range.

Ask for a demonstration of this and the other recent Grebe developments; then compare.

A. H. Grebe & Co., Inc.
109 West 57th Street, New York
Factory: Richmond Hill, New York
Western Branch: 443 So. San Pedro Street
Los Angeles, Cal.

This Company owns and operates stations WABQ and WBOQ

Improved!

A Type of Performance Never Before Obtained In Any Low Priced Car

Thousands of people have already driven the Improved Chevrolet.

They know its new smoothness, new stamina, new swiftness of acceleration.

They know that in performance it completely dwarfs every Chevrolet achievement of the past and that it ranks as the finest Chevrolet in Chevrolet history.

And if you are one who has not yet been behind the wheel, you have more than a treat in store. You have yet to experience a type of performance never before offered in any low priced car.

A performance so effortless, so smooth, so powerful in every phase, that you will call it nothing short of a revelation!

Chevrolet's leadership has been based on giving quality at low cost. Now the Improved Chevrolet gives another reason for an even wider margin of leadership—performance the equal of which has heretofore been unattainable in the low price field.

Drive where you will—and as long as you like, through traffic, through sand, through mud, over hills—and over mountains, if you please. Expect something really new, really worthwhile, something really unique—and you will not be disappointed.
